

Intelligent

Fittleworth Village School is a Group 1 Church of England School in the Western Area of the West Sussex Education Authority. It provides education for approx. 125 children aged 4-11 years. Opened in July 1990, it comprises 5 classrooms, a library, a curriculum kitchen and additional work areas.

One of its main aims is to provide a happy, healthy, stimulating and safe learning environment within which adults and children feel empowered to take risks and fulfil their potential.

Fittleworth C E Village School Case Study

The challenge:

The school were previously using paper hand towels as the method of drying the hands after visiting the washroom. They decided to replace these with energy efficient hand dryers to reduce paper

The results:

Annual paper towel cost: £1,284 (based on 0.4p per paper towel)

Annual cost to use new equipment: £37.45 - £124.83 (based on 14p per kW/h)

Annual cost savings: £1,159.17 - £1,246.55

Payback period: approx. 1.29 – 1.38 years

“The hand dryers have massively reduced the amount of paper used. Very happy with them.”

Liz Wilmshurst - Admin Manager, Fittleworth C E Village School

FACT FILE

Hand dryer:	Dryflow Viper
Key benefits:	Fast drying, low noise, cost saving
Rated power:	0.6 kW - 2 kW 2.5 - 8.33 Wh per dry

Dryflow

The Dryflow Viper

This Quiet Mark approved unit with blade technology is one of the quietest in its class.

You can turn off the heater element to further decrease the energy use and running costs.

Two angled blades of air dry both hands separately yet at the same time

HEPA filtered air

Low noise

Warm air or eco setting

High/low motor speed for a tailored noise experience
